

## DONATION FORM

The Campaign to End AIDS (C2EA) is a diverse, exciting new coalition of people living with HIV/AIDS, their advocates and their loved ones-uniting to demand that our leaders exert the political will to stop the epidemic, in the U.S. and abroad, once and for all. In small towns and big cities across America, we're mobilizing to ensure the best treatment and care for all HIV-positive people and HIV prevention methods backed by good science

***Please support a marcher in the New York to Washington DC caravan departing on September 18. Every dollar donated will go towards this historic march.***
