**The Campaign to End AIDS (C2EA)** is a diverse, exciting coalition of people living with HIV & AIDS, their advocates and their loved ones. Together, we're demanding that our leaders exert the political will to stop the epidemic, in the U.S. and abroad, once and for all. In small towns and big cities across America, we're mobilizing to ensure the best prevention, treatment and care for all HIV-positive people States and regions around the country combine forces to fight on the local and national level to advocate for sound policy, prevention and programs for PI WHAs.

### C2EA Five Demands

- 1) Full funding for quality treatment and support services for all people living with HIV
- 2) Ramped-up HIV prevention at home and abroad, guided by science and communities, not politics and ideology
- 3) Increased money dedicated to research for a cure, effective treatments, and prevention tools
- 4) A fight against stigma and to protect the civil rights of all people with HIV/AIDS
- 5) Understand the vital role safe and stable housing plays in prevention and treatment and incorporate housing as a structural intervention for both

### The National C2EA Workgroups

- **The Outreach Workgroup** keeps its ear to the ground to identify areas nationally where action is needed.
- **The Issues and Actions Workgroup** provides the coalition with in depth policy analysis and suggested approaches to move policy makers at the local and national level to address the legislative issues that will make the difference.
- **The SCOUT Workgroup** develops strategies to collaborate with faith communities nationally to address HIV/AIDS – particularly in communities of color for this is where, historically, major change in these communities is supported.
- **The Youth Caucus** hosts the Annual Youth Action Institute as well as assures that there is youth representation throughout the HIV/AIDS advocacy agenda.
- **The Women's Advocacy Workgroup** works to lift the voice of women through advocacy
- **LGBTQQO Workgroup** fights for the rights of those in the LGBTQQI community.
- **The Steering Committee** is made up of the state/regional and workgroup chairs.

**C2EA has regional networks that people can connect with to impact local advocacy issues. Contact [info@campaigntoendaids.org](mailto:info@campaigntoendaids.org) to get connected.**
